

Year 12 HSC Textiles and Design

60-period delivery register | v1.0

Record actual delivery only after local timetable conversion. Keep student personal data in approved school systems, not in this shared register.

Planning basis	2027 only	Actual delivery year	Teacher to confirm
Programme	60 × 120-minute equivalent periods	Timetable conversion	Teacher to confirm
Evidence	Brief confirmation only	Formal tasks	Current notifications control

Register periods 1–10

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
1	Term 4	Site/theory	Course map and two-year bridge				
2	Term 4	Project/folio	MTP focus areas and evidence boundary				
3	Term 4	Site/theory	From inspiration to a workable brief				
4	Term 4	Project/folio	Concept checkpoint and next actions				
5	Term 4	Site/theory	Tracing one focus area over time				
6	Term 4	Site/theory	Factors shaping design change				
7	Term 4	Site/theory	Turning evidence into analysis				
8	Term 4	Project/folio	Historical influence translated, not copied				
9	Term 4	Site/theory	Designer practice, inspiration and signature				
10	Term 4	Site/theory	Internal and external success factors				

Register periods 11–20

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
11	Term 4	Site/theory	Designers and trends				
12	Term 4	Project/folio	Contemporary influence and concept refinement				
13	Term 4	Site/theory	Colour principles for specific end use				
14	Term 4	Site/theory	Printing and dyeing processes				
15	Term 4	Site/theory	Planning controlled colouration evidence				
16	Term 4	Practical	Authorised colour sample and decision				
17	Term 1	Site/theory	Applique, embroidery and surface decoration				
18	Term 1	Site/theory	Hand and machine technique decisions				
19	Term 1	Practical	Authorised decoration sampling				
20	Term 1	Project/folio	Comparing samples and selecting a method				

Register periods 21–30

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
21	Term 1	Site/theory	Cultural context and respectful evidence				
22	Term 1	Project/folio	Meanings, resources, skills and processes				
23	Term 1	Project/folio	Influence without appropriation				
24	Term 1	Project/folio	Cultural evidence checkpoint				
25	Term 1	Project/folio	Generating ideas and selecting a direction				
26	Term 1	Project/folio	Functional and aesthetic analysis				
27	Term 1	Project/folio	Drawings and manufacturing specifications				
28	Term 1	Project/folio	Time, resources and decision management				
29	Term 1	Project/folio	Building a fair and useful investigation				
30	Term 1	Practical	Recording samples, observations and results				

Register periods 31–40

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
31	Term 1	Project/folio	Evaluation and justified design change				
32	Term 1	Project/folio	Experimentation portfolio checkpoint				
33	Term 2	Site/theory	Innovation definitions, needs and drivers				
34	Term 2	Site/theory	Emerging fibres, yarns and fabrics				
35	Term 2	Site/theory	Product, process and societal impacts				
36	Term 2	Project/folio	Innovation decision for the MTP				
37	Term 2	Site/theory	Microfibres, bicomponent yarns and washable webs				
38	Term 2	Site/theory	Retrieving structure-property relationships				
39	Term 2	Site/theory	Selecting performance for end use				
40	Term 2	Project/folio	MTP material evidence checkpoint				

Register periods 41–50

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
41	Term 2	Site/theory	Machinery and production technologies				
42	Term 2	Site/theory	Seamless technology and construction change				
43	Term 2	Practical	Decorative enhancement, efficiency and quality				
44	Term 2	Project/folio	Production technology decision				
45	Term 2	Site/theory	Defining end-use requirements				
46	Term 2	Site/theory	Finishes, performance and care				
47	Term 2	Site/theory	Fibre, yarn and fabric justification				
48	Term 2	Site/theory	Properties synthesis under command terms				
49	Term 3	Site/theory	Industry sectors and supply relationships				
50	Term 3	Site/theory	Marketplace, product development and marketing				

Register periods 51–60

P	Stage / term	Type	Planned focus	Date taught	Completion / variance	Evidence checked	Follow-up / initials
51	Term 3	Site/theory	Workplace, consumer and global links				
52	Term 3	Project/folio	MTP product communication and label planning				
53	Term 3	Site/theory	Appropriate textile technology				
54	Term 3	Site/theory	Sustainability across a product life cycle				
55	Term 3	Site/theory	Social, consumer and industry issues				
56	Term 3	Project/folio	MTP sustainability and resource evaluation				
57	Term 3	Project/folio	MTP completion and evidence handoff				
58	Term 3	Site/theory	Command terms and response planning				
59	Term 3	Site/theory	Properties synthesis and misconception repair				
60	Term 3	Site/theory	Industry and whole-course synthesis
